Selling Analog Sensibili

Digital + Analog = Bollogbook

BOLLOG BOOK is an abbreviation for Book Of Life LOG

We gather the memories of your life log stored in the virtual space and make it a real book which you can actually grab it, keep it on your shelf, and share as long as you want.

Bollog book remind you the trace of yours in online space, so that you can cherish the most treasured memories and relationships which are being scattered over in this digitized world. We believe that it can change your life in positive way.

Humans write. We are all homo biblos

– homo biblos

We living in 21 century can look deep into way of living and the history of people who lived in ancient, Middle Age as there were people who recorded them.

we still notate what we are doing, what we are thinking in our daily life. And it will be told by next generations.

The record is a human instinct.

As mobile devices are widely being used,

most people record everyday

through Online Services or SNS.

- Be 3.2 billion mobile devices worldwide use
- The expected number of 18 billion mobile devices worldwide in 2018
- Korean smartphone users **38,320,657** people (population compared to 77%).

(2014.3 month basis, providing future creation Sciences)

Selling Analog sensitivity

in this digital era, we can record everything by computer and smart phone instead of paper and a pen. But why people still love to have beautifully designed notebooks and colorful pen or even old fountain pen?

Why do they buy pretty post card and letter paper even though free e-mail service is available?

We can enjoy the music by phone so easily, but there are some people who is still seeking secondhand LPs.

Because >>

that's simply because we all have desire for **analog sensitivity**.

페이스북을 제본하다 볼록북

인간은 기록하는 동물이다. SNS의 발달은 인간의 기록 옥구를 더유 자극한다. 하지만 아무리 디지털 기술이 발달해도 오래한 디이어리나 편지의 감성을 대체하는 것은 물가능하다. 계정 삭제 버튼만 누르면 한순간에 모든 것이 사리지는 디지털 기록의 특성 때문. 온라인 마케팅 컨설팅 가입 지엄공팔(대표 유미영)이 문청한 볼루북 서비스는 조금이나마 이런 아쉬움을 달래준다. 웹사이트에서 페이스북 D를 연동하기만 하면 자신의 타입라인에 있는 콘텐츠를 자동 편집해 종이 책으로 만들어주고 타인의 공유 글도 카테고리벌로 분류할 수 있다. 여기에 댓글이나 좋아요. 개수를 수치화한 인포그래픽은 소소한 재미를 준다. 디지털 기술에 익숙하면서도 아닐로그의 향수를 지닌 아들에게 무척 매력적인 서비스다. www.bollogbook.com 클 희명한 기자
